### **Dear Colleagues/Friends**

To make the materials contained in this folder more accessible I have reorganised it along the line of ESLprintables categories under Vocabulary and Grammar plus some additional categories. Now if you need to compliment/supplement your lessons you have easy access to specific additional materials for your classroom. Where the topics are related I have pulled them together under one category. All are self explanatory. The mixed activities and skills folder contains materials mostly sample units that cover all skills. These materials have been gathered from the Internet.

I hope you find this useful.
